Captain Rob Hainje – Tippecanoe County Sheriff's Office
Bob Wilcox – Crash Consultants Inc.

Seminar attendees should bring a laptop computer with CloudCompare already installed. To download CloudCompare visit the download page at www.cloudcompare.org . Attendees should also bring their own current or past UAS case files to work on directly in CloudCompare.

CloudCompare is a free, open-source 3D point cloud and mesh processing software. It's primarily used for comparing, analyzing, and manipulating point clouds, and can be used to generate 3D models from point cloud data. The software is versatile and widely used in UAS-based data processing and in fields like surveying, engineering, and construction.

$50 for members / $75 for non-members

Lunch is on your own
